Dear Parent/s

Red Notes Musical Services has set up a music program at your school. Now available at your school are various musical instruments, which are taught by our highly experienced teachers. Through our service, your child can receive a complete music education that is both professional and inexpensive. With the combination of our highly qualified teachers and superbly crafted instruments we offer a program that is enjoyable, creative and will teach your child not only to play their chosen instrument but to obtain the full benefits of a musical education.

## About Our Program

Students are taught in classes of group (2 to 5 students), semi-private or private ensuring direct contact with the teacher. Lessons are of 30 minutes each and are held either during or after the school day. Lessons consist of music theory (the ability to read and understand music) as well as the practical (the ability to play their instrument).

Also included are weekly band or ensemble rehearsals (student numbers permitting). Students are enthusiastically encouraged to perform at assemblies and at the concerts that Red Notes organize on behalf of the school. Your child will receive a complete, rounded musical education at a cost of just **\$15.00 per group lesson**. A.M.E.B exam tuition is also available.

- Also available are 30 minute **private lessons** at a cost of **\$29.00** or **semi – private** (2 students only) **\$21.00** per lesson.
- A tutor book costs **\$18.95** (**\$34.90** for percussion book & **\$28.50** for violin/cello book)
- A **compulsory homework theory diary** will be required at the start of lessons each year at a cost of \$8.80.
- Lessons are held in term blocks and to **cancel lessons** you must do so at the **start** of the term in writing to Red Notes
- All **Communication** is to be via **Red Notes** at ph: **9527 5200**, email [rednotes@iinet.net.au](mailto:rednotes@iinet.net.au)

## The Benefits of a Music Education

Music education has been shown to improve a child's performance in school. The science journal "Nature" found that children who attended music lessons were more successful in school than those who did not. Music aids development of social skills and enhances ability to learn languages. The practice of an instrument engages the imagination, fosters flexible thinking, develops disciplined effort and builds self-confidence.

## Cancellation and missed lessons

- Cancellation of lessons must be done at the start of a term via email to Red Notes
- Red Notes will do catch up lessons if your child is absent due to illness or school event
- If you are holidaying during a term you must notify Red Notes at the start of the term to receive a catch up lesson (if applicable) or an adjusted invoice.
- If your child forgets to take their instrument to their lesson they **do not** get a catch up lesson, they can do theory work in that lesson.
