

Drum lessons at MKP

- Experienced teacher
- Students learn their favourite Songs
- Available to students of all ages

About Darren

I am a passionate drummer, drum teacher and multi-instrumentalist - drum-kit, guitar, piano, vocals, harmonica and ukulele. I have many years of professional playing and teaching experience. My students are children and adults of all ages (ranging in age from 5 to 75!). I am very experienced with working with children.

Lessons

Above all, I want students to have fun and enjoy what they are doing. Students may request the songs that they would like to learn. Any technical and theoretical studies are taught through the prism of the student's song choice. This makes learning more relatable and fun. I will often pick up a guitar so students can play along to their favourite songs at their own pace. This is a great introduction for younger or beginner students. ANZCA music exam tuition is available.
